seminar paper from the year 2019 in the subject health miscellaneous grade 2 00 management center innsbruck language english abstract the global challenge against non communicable diseases gained transnational attention over the last years statistics illustrate that approximately 70 of all deaths worldwide can be traced back to chronic diseases on the other hand artificial intelligence is on the rise as the number of implemented software featuring machine learning skills increased tremendously in the last years therefore the purpose of this literature review is to combine those aspects in order to create synergies of the link between existing approaches with the aim to face non communicable diseases and artificial intelligence the review focusses firstly specifically only on the most prevalent ncds and their characteristics before analysing the rise of machine learning software from the very beginning in a next step those two fields will be combined with the aim to point out both benefits and risks when implementing ai in the healthcare sector the outcome was that the use of such software would definitely cut a three digit number of billions of euros of spending on healthcare due to the possibility to early detect diseases and the hereby arising possibility to treat patients in a more efficient way as until now on the other hand the biggest risk will be that artificial intelligence works on huge datasets that need to be set up first during the setting up process of such data failures can take place which would have a grave impact on further use

summaries of papers contained in the journal accompany each issue 19

Thank you certainly much for downloading **Free World Cancer Report 2014 Download**. Most likely you have knowledge that, people have look numerous time for their favorite books with this Free World Cancer Report 2014 Download, but end happening in harmful downloads. Rather than enjoying a good ebook gone a mug of coffee in the afternoon, then again they juggled subsequent to some harmful virus inside their computer. **Free World Cancer Report 2014 Download** is comprehensible in our digital library an online access to it is set as public therefore you can download it instantly. Our digital library saves in multiple countries, allowing you to get the most less latency epoch to download any of our books subsequently this one.
